Cabin charter - ROMANTICA

Romantica is a brand-new motor yacht with great comfort and style.

The ship is 32 m long and 7,6 m wide and it possesses a solid structural steelwork, which, as the name says, connects romance with modern trend and functionality.

Captain Jure pays a lot of attention to the elegant appearance of his ship: 17 comfortably equipped double cabins with a size of 9-10 square meters also offer sufficient area to larger groups to accommodate. The generous cabins feature elevated equipment. The far sun deck offers couch mats for sunbathing and relaxing. A characteristic of the ship is a platform at the tail of the ship, from which you can take a bath in the sea in a very comfortable way.

All 17 cabins have private shower/WC and an individual adjustable air conditioning system. 8 double cabins are below deck, 4 of them have separate beds. 9 cabins are situated above deck, 4 of them have separate beds. Single beds are approx. 200 x 90 cm and double beds approx. 200 x 160 cm big. The large salon in the rear part of the 1st deck is equipped with 4 round tables, banks and chairs and a bar.
